| Installation errors | Remote support recommended |

Pro Tips to Avoid Common Problems

-
- ◆ Always back up before updating (File > Backup > Local Backup)
 - ◆ Create restore points before major changes
 - ◆ Use QuickBooks Tool Hub for automatic repairs
 - ◆ Schedule annual data verification (File > Utilities > Verify Data)
-

Frequently Asked Questions

? Is QuickBooks Desktop being discontinued?

No—Intuit continues support for Desktop versions through at least 2026. Cloud migration is optional.

? Why can't I reach a human at QuickBooks?

Best times to call:

- Early mornings (7–9 AM PT)
- Weekdays (avoid Mondays)
- Use phrase "technical emergency" for priority routing

? Are these really the official numbers?

✓ Yes. Beware of scams—Intuit only uses:

- 1-888-394-9046
 - 1-866-596-1988
-

Final Recommendation

For time-sensitive issues (payroll deadlines, tax filing):

 Immediate Phone Help: 1-888-394-9046
